

Darrow School Essentials

Deciding what to bring to school and what to leave at home can be difficult. The trick is to understand your specific needs and pack appropriately. At Darrow, students need clothing and supplies for a variety of commitments and activities: classes, community service, semiformal events, sports, etc. Please keep in mind that our weather can be challenging: crisp autumns, cold winters, and warm springs mean that students will quickly learn the importance of layering.

School fire codes do not permit fabric wall hangings, electric blankets, hair straighteners or curling irons, cooking utensils, hot plates, or halogen lamps in the dorm rooms. These items MAY be used in bathrooms or common areas.

Cell service- Verizon has best coverage in our area. All networks are available but spotty.

*School Supplies: Each student will be provided with a Darrow School Planner where homework assignments can be written. Darrow utilizes an online Student Management System in which homework assignments will be posted. Each student should bring something to write with and something to write on for the first day of classes. Teachers will notify each class what their specific requirements notebook requirements are. Bringing a few notebooks from home is a good idea. Anything a student does not bring with them will be available for sale from the School store or can be purchased on a bus trip to the local mall in the first few days of class.
